Dear Mrs. Freisman,

I'm concerned about violence. I don't like it. When people watch it then they imitate it. It scares me a lot when I think there people being killed in the newspaper. I don't like to watch it. Maybe if the television people take off some of the shows, off. It isn't nice to kill people.

Dear Ms. Kressman,

My name is Ashley Slater. My class and I would like to ask and talk about violence. One thing is do you think we can ask the television studios to cut down on violence? The more people see it, the more people go out and do it. Then it makes our country more dangerous.

Dear Ms. Kreisman,

We have so much violence in our country. The violence is on television. Then people see it then they do it. What should we do about it? I think we should stop these television shows. These bad things happen. It is so bad that people are getting hurt. We should put more education shows on. If the violence stops then it will be fine.

Dear Ms. Kaiserman,

We should all unite to stop violence on TV. I would like the educational shows. People are imitating the shows. And the TV is not educational enough. Please eliminate things to make the cities safe and nice.

Dear Ms. Kreisman,

I am concerned about the violence on some movies. In Pittsburgh there are a lot of crimes. People probably imitate what is on television. On the news, newspaper, and on the radio I hear constantly about crimes. Myself you can tell Bill Clinton about the violence on T.V.

Dear Mrs. Kreisman;

I want to eliminate violence from television, radio, and newspapers. There should be more educational T.V. like Baggy, Ghostrider, Mr. Roger, Lamb Chop's Play Along, and Square 1 T.V. I think of the idea.

Why do people kill others? How many people are in the world now? But lucky I'm alive! When I grow up I want to be a teacher or singer! I'll probably grow up instead of dying. I would feel really really bad if anyone in my family died, because there is too much violence on T.V. and someone might copy from it.

Sincerely Ashley Vasko.

Dear Ms. Kreisman,

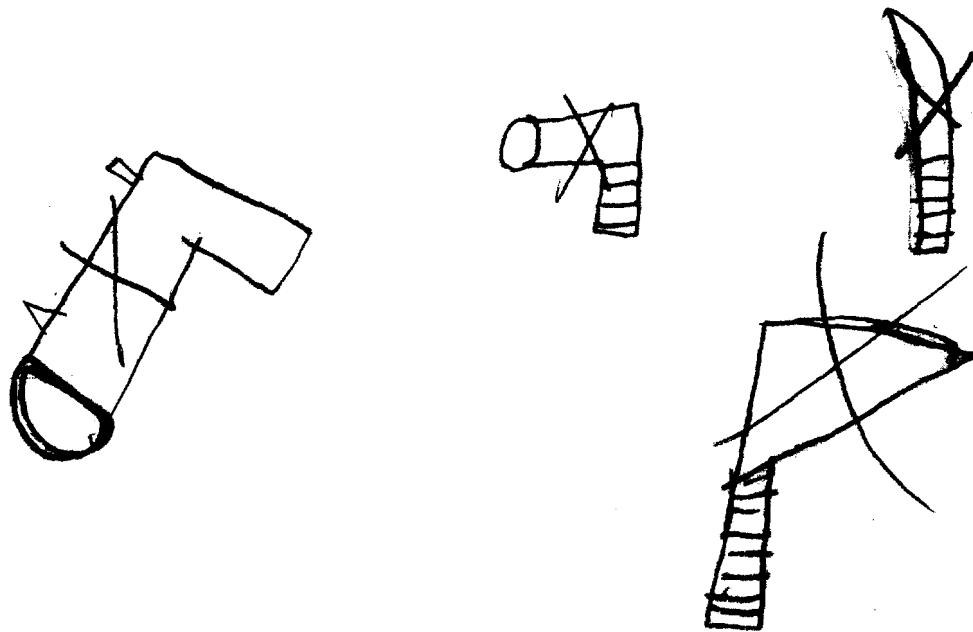

I am so concerned about all the violence. Now that it is 1993 it is happening everywhere. I once heard on a T.V. a child in first grade had a gun and thought the gun was not loaded and shot it at the ground. The bullet bounced off the ground and hit a girl. Please tell me what I can do to prevent this violence?
